EDUCATION

Rabindranath Tagore University

Bachelor of Engineering in Computer Science

Current GPA: 8.98

Bhopal, India

July 2022 – July 2026

Career Summary

Final-year Computer Science Engineering student at Rabindranath Tagore University, Bhopal. Aspiring Data Analyst with strong foundations in computer vision and data analytics. Skilled in Python, SQL, OpenCV, YOLO, Power BI, and Excel, with hands-on experience in building data-driven and AI-powered solutions. Passionate about applying analytical thinking and machine learning techniques to solve real-world problems in smart systems and data-centric environments.

PROJECTS

AI RoadVision /Python | OpenCV | YOLO | Computer Vision

| Nov 2025 – Dec 2025

- Built an AI-based system to detect potholes, cracks, and road defects from video using computer vision.
- Implemented a **YOLO object detection model** for real-time anomaly detection.
- Used **OpenCV** for frame extraction, preprocessing, and noise reduction.
- Developed a **real-time** processing pipeline for continuous road monitoring.
- Evaluated on a custom dataset achieving **~85–90% accuracy** under varied conditions.
- Designed location-based reporting logic for scalable road maintenance tracking.

Interactive Sales Dashboard (Power BI) / Power BI | DAX | Excel | Business Analytics

| Dec 2024 – Jan 2025

- Designed an interactive **Power BI Sales Dashboard** to analyze business performance.
- Cleaned and transformed raw sales data using Power Query.
- Built KPIs including total revenue, orders, and average sales.
- Created dynamic visuals for trends, category-wise sales, and regional analysis.
- Used **DAX measures** for YoY and monthly comparisons.
- Enabled data-driven insights through interactive slicers and filters.

TECHNICAL SKILLS

Programming Languages: Python, SQL, JavaScript (Basic)

Computer Vision & AI: OpenCV, YOLO

Data & Analytics Tools: Pandas, NumPy, Power BI, MS Excel

Databases: MySQL

Development Tools: Git, VS Code, Bootstrap

CERTIFICATIONS

- Accenture North America** – Data Analytics & Visualization Job Simulation
- Tata Group** – Cybersecurity Analyst Job Simulation
- IBM SkillsBuild** – SQL and Relational Databases 101 (DB0101EN)
